Sprint:	GBW Sprint 1		

Description

It is expected that Deposit, Withdrawal and Fund Transfer Transactions will be included at the Mini Statement Report but this was not the case. No Fund Transfer Transactions were returned at the Mini Statement Report even though there are Fund Transfer Transactions performed for the Account processed at the report.

It is also observed that no Transaction ID's are generated for the Fund Transfer Transaction regardless if user used is Manager or Customer. This may have a relation as to why Fund Transfer transactions are not included at the report.
